COPS KILLING COPS-STOLEN DRUGS-MURDER This is Vinnie Lombardini's account of his years as a New York City Police Officer, when he found himself faced with a harrowing choice-To honor the oath he swore to the brotherhood of cops and protect the "Thin Blue Line," or to confront those who crossed the line and risk losing everything. NYPD Blood is the story of a man who just wanted to be a good guy with a steady job, with a wife he loved, and a nice home. But from his first day on the job at the NYPD, he discovered the corruption in the narcotics lab. Drugs were being stolen and sold back to the mob, arrests of known drug dealers were interfered with, and as word got around about Vinnie's knowledge of the illegal operations going on behind the scenes, people started dying and his family was threatened. Then he found himself under investigation for corruption. That's when he realized that his own life was in danger. Based on the actual accounts of Vinnie Lombardini, NYPD Blood is about corruption, drugs, cop on cop murder, and one man's terrifying ordeal as he seeks to uphold the principles of the shield, even though it means going against the very brotherhood he swore loyalty to, and could cost him everything-including his own life.
